Purchase of BYOD Mobile Devices
訂購電子學習自攜流動裝置

Starting from the 2020/21 academic year, our school has implemented the "Bring Your Own Device" (BYOD) e-learning policy. With teacher approval, students are allowed to bring tablets with "Mobile Device Management" (MDM) installed for electronic learning purposes.

Previously, our school has published an eNotice (P23020) relating to the implementation of the **Blended Mode of Learning** and the application of the **Quality Education Fund e-Learning Funding Programme** (QEF eLS Programme).

The application of the QEF eLS Programme was completed. The "Notification of Result for the Application of Quality Education Fund e-Learning Funding Programme" has been distributed to the applicants.

This QEF eLS Programme **subsidizes the school** to buy mobile computer devices **for loan** to approved eligible students only. The approved eligible students should NOT buy mobile devices themselves. No subsidy will be given to students under this programme.

Other non-eligible students can purchase mobile devices with Mobile Device Management Software (MDM) and other optional accessories from the supplier with special prices if necessary.

Students who bring self-provisioned Tablet PC* to school are obligated to purchase the MDM from the supplier. *(**Not applicable** to students who **have bought MDM from 2021/22 onwards**)*

Approved eligible students	**DON'T** place order with the supplier. **NO subsidy** will be given from the QEF. The **school** will **purchase** mobile computer devices and basic accessories **for loan** to them.
Non-eligible students	can either purchase the mobile devices with MDM and other optional accessories from the supplier with special prices if necessary
	or bring self-provisioned Tablet PC* and purchase the MDM from the supplier
	or borrow iPad* from school during e-learning lessons by their subject teachers.

* Remarks
1. Minimum requirement of Tablet PC is Apple iPad 2018 (6th Generation) 64 GB with Stylus Pen.
2. At most 120 sets of iPad are available for non-eligible students to borrow for e-learning lessons.
